About The South African Breweries

The South African Breweries (SAB), a subsidiary of AB InBev, is one of the leading beverage companies in South Africa. With a strong legacy in beer brewing, innovation, and supply chain excellence, SAB plays a key role in the food and beverage industry. The company is committed to nurturing young talent and offering work-integrated learning opportunities through its Brewing In-Service Training Program.

[the_ad id="191"]

This program is designed for students or recent graduates who need practical experience to complete their qualifications and gain hands-on exposure to the brewing, quality control, and production processes at one of the world's largest breweries.

Program Overview

The SAB Brewing In-Service Training is a structured program aimed at providing students with real-world brewing and production experience. Candidates will be placed in SAB's brewing operations and work alongside experienced professionals to develop technical skills, problem-solving abilities, and industry knowledge.

[the_ad id="210"]

Interns will be involved in various aspects of beer production, process optimization, quality assurance, and packaging operations, ensuring they gain valuable hands-on training in the brewing industry.

Fields of Training Opportunities

The Brewing In-Service Training Program is available in the following areas:

- Brewing & Fermentation Technology
- Microbiology & Quality Control
- Chemical Engineering & Process Control
- Mechanical & Electrical Engineering (related to brewing operations)
- Packaging & Bottling Technology
- Supply Chain & Logistics (related to brewing)
- Food Science & Safety Compliance

Key Responsibilities

Participants in the SAB Brewing In-Service Training Program will:

- Assist with beer brewing, fermentation, and quality testing
- Monitor and control brewing and packaging processes
- Conduct laboratory tests to ensure product quality and consistency
- Support process optimization and equipment maintenance
- Learn about raw materials, yeast management, and fermentation processes
- Work with teams to troubleshoot brewing and production challenges

- Ensure compliance with safety, health, and environmental regulations
- Participate in continuous improvement initiatives and projects
- Document processes, collect data, and prepare technical reports

Qualifications & Requirements
To qualify for the SAB Brewing In-Service Training Program, candidates must:

[the_ad id="206"]

- Be a South African citizen
- Be currently studying or have completed a Diploma or Degree in:
    - Chemical Engineering
    - Biotechnology or Microbiology
    - Brewing Science
    - Food Science & Technology
    - Mechanical or Electrical Engineering (related to brewing)
    - Related technical fields
- Require work-integrated learning (WIL) experience to complete their qualification (if applicable)
- Have a passion for brewing, production, and innovation
- Possess strong analytical, problem-solving, and teamwork skills
- Be detail-oriented with an ability to work in a fast-paced production environment
- Have basic computer literacy (MS Office, Excel, etc.)

Benefits of the Program

- Practical brewing experience with a leading global beer company
- Mentorship and career development from industry professionals
- Exposure to state-of-the-art brewing equipment and technology
- Networking opportunities within the beverage industry
- Potential career opportunities within SAB upon successful completion
- Stipend may be provided (subject to SAB's policies)

How to Apply?
Interested candidates must follow the steps below to apply for the SAB Brewing In-Service Training Program:

Step 1: Prepare Your Documents

Ensure you have the following documents ready:

Updated CV (Curriculum Vitae) – Highlight your academic background, skills, and any relevant experience.
Certified Copy of ID Document – A clear and valid South African ID copy.
Certified Copies of Academic Transcripts & Qualifications – Include your latest results and proof of enrollment (if still studying).
Letter from Your Institution (If Applicable) – A formal letter from your university or college confirming the need for in-service training (for Work-Integrated Learning students).
Motivation Letter – A brief statement explaining why you are interested in brewing and how this program aligns with your career goals.

Step 2: Submit Your Application

There are multiple ways to apply for the SAB Brewing In-Service Training Program:

Online Application via AB InBev Careers Portal

- Visit the AB InBev/SAB Careers Website: [Insert Link to Careers Page]
- Search for “Brewing In-Service Training” or similar internship opportunities.
- Click on the relevant job posting and complete the online application form.
- Upload your CV and required documents.
- Submit your application before the closing date.
