Key Responsibilities

Interns will be placed in various departments based on their academic background and career goals. Responsibilities may include:

- Assisting with public health and HIV/AIDS programs.
- Conducting research and data analysis on healthcare projects.
- Supporting community outreach and health education initiatives.
- Helping with administrative and operational tasks in different departments.
- Assisting in clinical support services (for health-related internships).
- Engaging with patients and communities to provide health awareness.
- Learning about policy implementation and healthcare strategies.
- Attending training sessions, workshops, and mentorship programs.

Departments Offering Internships

Internship opportunities are available in fields such as:

(adsbygoogle = window.adsbygoogle || []).push({});
