Barberton Mines South Africa Internship Programme | New Jobs

About Barberton Mines

Barberton Mines, a subsidiary of Pan African Resources, is one of South Africa's oldest and most established gold mining operations. With a strong commitment to innovation, safety, and sustainability, Barberton Mines is dedicated to developing future industry leaders through its Internship Program. This initiative provides young professionals with valuable work experience in the mining and minerals sector.

Program Overview

The Barberton Mines Internship Program offers recent graduates and students the opportunity to gain hands-on experience in a real mining environment. Interns will receive mentorship from experienced industry professionals and develop the necessary technical and business skills required for a successful career in mining.

The program is available in the following fields:

- Mining Engineering
- Mechanical Engineering
- Electrical Engineering
- Geology & Earth Sciences
- Environmental Management
- Metallurgy & Chemical Engineering
- Safety, Health & Environment (SHEQ)
- Finance & Accounting
- Supply Chain & Logistics
- Human Resources (HR) & Industrial Relations
- Information Technology (IT) & Data Management

Interns will work in a dynamic, fast-paced environment where they will be exposed to real projects, industry best practices, and operational challenges.

Key Responsibilities

Intern responsibilities may vary by department but typically include:

- Assisting with day-to-day operations within assigned departments.
- Conducting research and analysis to support business and technical decisions.
- Participating in safety and environmental initiatives within the mine.
- Supporting engineers and technicians in equipment maintenance and project implementation.
- Gathering and interpreting geological and metallurgical data.
- Engaging in administrative, HR, or finance-related tasks, depending on the department.
- Attending training sessions, workshops, and networking events.

Who Should Apply?

Hiring organization

Barberton Mines
