## Eskom Graduate Internship Programme 2026 – Apply Now Before 24 October 2025

### Description

Eskom is South Africa's leading electricity public utility, generating and supplying the majority of the nation's power. With its vast operations across the country, Eskom continues to invest in the development of young talent through structured internship and graduate training programmes.

The Eskom Graduate Internship Programme 2026 is designed to provide practical workplace exposure, mentorship, and professional development for unemployed graduates who are eager to kickstart their careers in one of South Africa's most vital industries.

### Programme Overview

Eskom invites unemployed and suitably qualified graduates to apply for the 2026 Graduate Internship Opportunities across multiple departments and technical fields.

#### This internship provides graduates with:

- Valuable on-the-job training and mentorship
- Real-world exposure within South Africa's power sector
- The opportunity to develop key professional and leadership skills

Successful candidates will receive hands-on experience while working alongside some of the most experienced professionals in the energy industry.

### Available Internship Streams

Eskom offers a wide range of graduate opportunities in various academic and technical disciplines. Applicants must hold a completed degree in one of the following fields:

#### 1. Graduate in Training Opportunities
