About the Programme

The FNB Graduate Internship Programme is designed for innovative, self-motivated individuals ready to drive change and exceed customer expectations. This opportunity offers permanent roles within various business units, including credit analytics, product development, financial management, fraud and risk analysis, and customer experience.

[the_ad id="191"]

Graduates will gain practical experience, participate in monthly training sessions, and engage in an action learning project to develop their professional skills.

Key Responsibilities

- Provide innovative solutions by understanding and addressing customer needs.
- Complete assigned tasks efficiently while maintaining accurate records and data updates.
- Collaborate with teams to contribute to business innovation and strategy.
- Actively participate in knowledge-sharing initiatives and professional development.
- Take ownership of learning through training, workshops, and self-development.
