Description

Impala Platinum (Implats) is a leading global producer of platinum group metals (PGMs), with operations across South Africa and Zimbabwe. The company is committed to excellence, innovation, and sustainable mining practices, offering world-class opportunities for skills development and career growth.

(adsbygoogle = window.adsbygoogle || []).push({});

The Impala Platinum Learnership Program is an exciting opportunity designed to provide practical training and theoretical knowledge in various fields within the mining industry. This program aims to equip young South Africans with the skills and experience needed for a successful career in mining and related fields.

Fields of Study Available:

The learnership program covers multiple disciplines, including but not limited to:

- Electrical Engineering
- Mechanical Engineering
- Mining Engineering
- Metallurgy
- Boilermaking
- Diesel Mechanics
- Fitting and Turning
- Instrumentation
- Safety and Environmental Management

(adsbygoogle = window.adsbygoogle || []).push({});

Responsibilities:

- Participate in structured learning programs combining both classroom and hands-on training.
- Gain practical experience under the guidance of industry professionals.
- Adhere to health, safety, and environmental standards in the workplace.
- Successfully complete assessments, practical evaluations, and theoretical examinations.
- Demonstrate commitment, dedication, and enthusiasm in learning and workplace activities.

Requirements:

- Must be a South African citizen.
- Grade 12 (Matric) with Mathematics and Science (preferred).
- N2-N6 qualification (relevant to the chosen field) will be advantageous.
- Strong interest in the mining industry.
