- Mining Engineering
- Metallurgy & Mineral Processing
- Mechanical Engineering
- Electrical Engineering
- Environmental Science
- Geology
- Safety Management
- Human Resources
- Finance & Accounting
- Supply Chain & Logistics
- Information Technology

Responsibilities:

- Assist in day-to-day operations and projects within your field of study.
- Participate in mentorship and training programs.
- Conduct research and analysis to support company projects.
- Work collaboratively with teams to solve real-world challenges.
- Comply with health, safety, and environmental regulations.

[the_ad id="210"]

Requirements:

- Must have a relevant degree or diploma in the selected field.
- Recent graduate with no more than two years of post-graduation work experience.
- Strong analytical and problem-solving skills.
- Excellent communication and teamwork abilities.
- Willingness to learn and adapt to a fast-paced environment.
- South African citizenship or valid work permit.
