## Program Overview

The MSD Graduate Internship Program is designed to offer recent graduates practical training, mentorship, and industry exposure in various business and scientific fields. Interns will work alongside experienced professionals, contributing to impactful projects that drive healthcare innovation.

The program is ideal for graduates in fields such as:

[the_ad id="210"]

- Pharmaceutical Sciences & Research
- Medical & Clinical Affairs
- Regulatory & Compliance
- Sales & Marketing
- Supply Chain & Logistics
- Finance & Accounting
- Human Resources (HR)
- Information Technology (IT) & Data Analytics

Interns will gain real-world experience in their respective fields while developing critical skills for a successful career in the pharmaceutical industry.

## Key Responsibilities

Intern responsibilities may vary by department but typically include:

- Assisting in research, data analysis, and business operations.
- Supporting pharmaceutical product development and regulatory processes.
- Engaging in marketing campaigns, brand management, and customer engagement.
- Contributing to supply chain optimization and logistics planning.
- Participating in financial reporting and budgeting tasks.
- Collaborating on HR and talent management initiatives.
- Learning industry regulations, compliance requirements, and ethical standards.

- Attending training programs, workshops, and networking events.

### Who Should Apply?

This internship program is ideal for:

- Recent graduates with a degree in a relevant field.
- Individuals passionate about healthcare, pharmaceuticals, and innovation.
- Candidates with strong analytical, problem-solving, and teamwork skills.
- Those eager to gain real-world corporate experience and mentorship.

### Minimum Requirements

- South African citizenship or legal authorization to work in South Africa.
- A completed bachelor's degree in a related field (Science, Business, IT, Finance, etc.).
- Strong academic performance and a keen interest in the pharmaceutical industry.
- Excellent communication, organizational, and problem-solving skills.
- Proficiency in Microsoft Office (Word, Excel, PowerPoint).

### Benefits of the Internship

- Hands-on experience in a global biopharmaceutical company.
- Mentorship and career guidance from industry professionals.
- Exposure to innovative healthcare solutions and business operations.
- Networking opportunities within the pharmaceutical and healthcare sectors.
- Monthly stipend for the internship duration.
- Potential career growth and employment opportunities within MSD.

### How to Apply?

Interested candidates should submit the following:

- Updated CV
- Cover letter outlining their motivation for applying
- Certified copies of academic records and qualifications
- A copy of their ID

Applications can be submitted via the MSD Careers Portal on the official MSD website.
