PPC Cement Learnership Initiative 2025 | Jobs in South Africa

About the Programme

PPC Cement is offering an exciting Learnership Programme for 2025 aimed at developing young, motivated individuals with a passion for technical skills. This development-focused position is designed to equip learners with both theoretical knowledge and practical experience in a real-world industrial environment.

(adsbygoogle = window.adsbygoogle || []).push({});

This is a great opportunity for individuals with a strong technical aptitude, interpersonal skills, and an innovative mindset to gain valuable hands-on experience while receiving structured training.

Programme Structure

Learners will participate in:

- **Theoretical Training** – Classroom-based learning covering industry-related concepts.
- **Practical Training** – Hands-on experience to develop trade-related skills.
- **On-the-Job Exposure** – Work alongside experienced professionals in a dynamic cement production environment.

Minimum Requirements

Candidates must meet one of the following qualifications:

- Grade 12 (Matric) with Pure Mathematics and Science (minimum 50%)
OR
N2 Qualification with four subjects relevant to the chosen trade:

- **Boilermaker Learnership:**

- Platers Trade Theory
- Mathematics
- Engineering Science
- Platers Structural Steel Drawing

- **Electrical Learnership (N3 Level):**

- Electrical Trade Theory
- Mathematics
- Engineering Science
- Industrial Electronics
