SAB Brewing in Service Training Internship Initiative | Latest Hirings 2025

About The South African Breweries

The South African Breweries (SAB), a subsidiary of AB InBev, is one of the leading beverage companies in South Africa. With a strong legacy in beer brewing, innovation, and supply chain excellence, SAB plays a key role in the food and beverage industry. The company is committed to nurturing young talent and offering work-integrated learning opportunities through its Brewing In-Service Training Program.

(adsbygoogle = window.adsbygoogle || []).push({});

This program is designed for students or recent graduates who need practical experience to complete their qualifications and gain hands-on exposure to the brewing, quality control, and production processes at one of the world's largest breweries.

Program Overview

The SAB Brewing In-Service Training is a structured program aimed at providing students with real-world brewing and production experience. Candidates will be placed in SAB's brewing operations and work alongside experienced professionals to develop technical skills, problem-solving abilities, and industry knowledge.

(adsbygoogle = window.adsbygoogle || []).push({});

Interns will be involved in various aspects of beer production, process optimization, quality assurance, and packaging operations, ensuring they gain valuable hands-on training in the brewing industry.

Fields of Training Opportunities

The Brewing In-Service Training Program is available in the following areas:

- Brewing & Fermentation Technology
- Microbiology & Quality Control
- Chemical Engineering & Process Control
- Mechanical & Electrical Engineering (related to brewing operations)
- Packaging & Bottling Technology
- Supply Chain & Logistics (related to brewing)
- Food Science & Safety Compliance

Key Responsibilities

Participants in the SAB Brewing In-Service Training Program will:

- Assist with beer brewing, fermentation, and quality testing
- Monitor and control brewing and packaging processes
- Conduct laboratory tests to ensure product quality and consistency
- Support process optimization and equipment maintenance

How to Apply?

Interested candidates must follow the steps below to apply for the SAB Brewing In-Service Training Program:

Step 1: Prepare Your Documents

Ensure you have the following documents ready:

Updated CV (Curriculum Vitae) – Highlight your academic background, skills, and any relevant experience.

Certified Copy of ID Document – A clear and valid South African ID copy.

Certified Copies of Academic Transcripts & Qualifications – Include your latest results and proof of enrollment (if still studying).

Letter from Your Institution (If Applicable) – A formal letter from your university or college confirming the need for in-service training (for Work-Integrated Learning students).

Motivation Letter – A brief statement explaining why you are interested in brewing and how this program aligns with your career goals.

Step 2: Submit Your Application

There are multiple ways to apply for the SAB Brewing In-Service Training Program:

Online Application via AB InBev Careers Portal

- Visit the AB InBev/SAB Careers Website: [Insert Link to Careers Page]
- Search for “Brewing In-Service Training” or similar internship opportunities.
- Click on the relevant job posting and complete the online application form.
- Upload your CV and required documents.
- Submit your application before the closing date.
