Description

Schneider Electric is offering an exciting 12-month paid internship opportunity for motivated and ambitious students who are eager to gain hands-on experience in a global, innovative organization. This programme is designed to provide practical exposure across various Business Units while supporting professional growth and career readiness.This opportunity goes beyond a standard internship. It combines real-world work experience with a SETA-accredited learnership, allowing interns to apply theoretical knowledge in a structured, professional environment.

Key Offerings

- Paid & Flexible Internship: A structured 12-month programme with meaningful responsibilities.
- Accredited Learnership: Includes a South Africa SETA-accredited qualification.
- Real-World Exposure: Hands-on involvement in business operations, projects, and client interactions within a global organization.

Key Responsibilities & Learning Objectives

- Assist in the preparation of business documents, reports, and proposals.
- Gain practical experience and insight within your assigned Business Unit.
- Support workflow coordination, scheduling, and effective time management.
- Contribute to team-based projects and additional tasks that support overall business objectives.
- Develop professional skills, workplace confidence, and industry readiness.

Fields of Study

Applicants must hold or be pursuing a National Diploma or Degree in one of the following disciplines:

- Supply Chain
- Logistics
- Human Resources
- Marketing
- Information Technology (IT)
- Electrical Engineering

Requirements

- Currently an undergraduate student or recent graduate seeking internship experience.
- Minimum academic average of 50% across all modules or courses.
- 0–2 years of working experience.
- Strong willingness to learn, collaborate, and grow in a professional

environment.
