Description

Smollan invites bright, ambitious graduates to apply for the Graduate Internship Programme 2026. This SETA-funded programme is more than just an internship – it is a career launchpad designed to bridge the gap between academic learning and real-world application.Successful candidates will be placed within a high-performance Smollan Data and Technology business unit, gaining hands-on exposure that will help shape a successful career in the retail and technology industry.

Your Journey with Us

At Smollan, we invest in your growth beyond technical skills. The programme offers a structured development journey that includes:

- Hands-on Training: Practical experience working on live projects within the DataOrbis business unit.
- Workshops: Personal and professional development sessions to strengthen corporate confidence and workplace readiness.
- Mentorship: Guidance and learning from experienced professionals and global leaders in retail technology.

Key Responsibilities

As a Graduate Intern, you will:

- Analyze data to support and drive strategic IT decisions.
- Collaborate with cross-functional teams, clients, and business partners.
- Stay up to date with the latest trends in retail technology.
- Contribute to the development and implementation of innovative retail technology solutions.

Requirements

To be considered for this opportunity, candidates must meet the following criteria:

- A completed 3–4 year degree, preferably with a STEM major.
- Strong Excel skills, including VLOOKUP, Pivot Tables, and basic functions.
- SQL exposure will be advantageous.
- Strong analytical and problem-solving abilities.
- Excellent communication skills.
- A passion for technology, eagerness to learn, and the ability to work independently as well as within a team.

How to Apply

Interested candidates should apply online for the Smollan: Graduate Internship Programme 2026 using the link below:
