WeThinkCode Youth Development Programme 2025 In South Africa

Description

WeThinkCode_ invites applications for its Youth Development Programme 2025, a groundbreaking initiative aimed at empowering South African youth with the skills and qualifications needed to thrive in the tech industry. This 16-month, full-time programme is designed to address both the technical skills shortage and youth unemployment by producing highly capable backend software developers.

If you are passionate about technology, eager to learn, and ready to transform your future, WeThinkCode_ offers a unique opportunity—no prior coding experience required.

WeThinkCode_ is a South African-based software development academy focused on identifying and nurturing untapped talent. Through a custom-designed curriculum and dynamic learning environment, the academy trains young people to become world-class software developers. Since its inception, WeThinkCode_ has successfully placed 91% of its graduates in permanent employment within the tech industry.

Programme Structure:

- Recruitment: WeThinkCode_ actively seeks out youth who demonstrate a high potential for success in software development, regardless of prior experience or academic background.
- Training: Participants receive hands-on training in backend development, programming languages, and real-world work readiness skills.
- Placement: Upon completion, graduates are awarded an accredited qualification in Systems Development and supported into permanent employment opportunities in the tech sector.

Eligibility Criteria:

To qualify for the 2025 intake, applicants must:

- Be between the ages of 17 and 35
- Hold one of the following:
 - A valid South African ID
 - A valid passport with a work permit
 - A valid asylum seekers permit
